

Steinert Football Pasta Party Suggestions

Note: These are estimates are based on approximately 60 players

- 16-20 lbs. total of pasta
- 200 meatballs (equivalent of 3 bags of meatballs from BJs Wholesale)
- For Vodka Sauce: 1 premade jar per pound of pasta, or 8 – 28 oz. cans of crushed tomatoes to make homemade
- 2 commercial-sized cans of sauce for red sauce
- 1 large tray of salad; 4-6 one pound bags of salad mix; player preference has been for Ranch and Creamy Italian dressings
- 8-10 dozen rolls or 10-12 loaves of sliced Italian bread
- 12-14 gallons of drinks, such as powdered Gatorade (coaches prefer NO carbonated beverages)

You might also choose to provide a meat sauce with bite-size sausage or meatballs. The vodka sauce, however, is a proven winner!

Additional items:

Paper plates, napkins, utensils, serving pieces, cups, chafing pans and sternos, ice, grated cheese, salt and pepper

Donations of dessert are also appreciated

In the past, the approximate cost has been about \$300 for just the food items.

Several families getting together to volunteer for one pasta party lightens the load and makes it more fun for everyone!
